Accommodation, costs and residence permits

Web link to accommodation information:	https://global.kea.dk/student-mobility/incoming-exchange/kea-housing
How to apply for accommodation via KEA:	Incoming exchange students will be guided in how to find student housing through KEA's rental partner Basecamp upon acceptance into the programme. Alternatively, they may organize this on their own. More information on the student housing option can be found on this page: https://global.kea.dk/student-mobility/incoming-exchange/kea-housing We highly recommend that incoming exchange students follow the advice on how to find student housing via KEA, since the housing market is difficult and expensive in Copenhagen and it can be very complicated to find housing on your own.
Cost per month:	Approx. 5.600– 6.700 DKK (depending on location and size of room) - *utilities not included.*
Estimated living costs:	Study in Denmark: Living Costs etc.
